PentaCode® remotes now available in red colour

- Keyring transmitter with 2 or 4 channels
- Dual Coding, 12-way dip switch coding or one of over 17 billion encrypted codes
- Simultaneously transmits the code on 5 different frequencies, making it impossible for the remote to be interfered with or jammed
- Uses frequency hopping spread spectrum (FHSS)
- One of the most secure remote controls on the market
- Designed in Australia and competitive pricing
- AS/NZS 4268, CE and FCC Certified

PentaCode® features a contoured design which fits comfortably in your hands. You can customise your keypad with your own graphics or logos and choose the case colours to suit.
