

## Introducing E80 Series Flashing Lights

- Built-in Buzzer
- LED Technology
- IP65 Rated (Outdoor use)
- Flashing or continuous mode
- Rated voltage: 12 to 24 Volts DC

Elsema's E80 series of flashing lights are ideal for outdoor installations. Flashing lights are used to indicate danger such as moving gates/doors or workplace hazard. Flashing lights are also used on, trucks, carts, forklifts and many other applications to indicate caution. [Learn more](#)
