

### High Speed Automatic Gate & Roller Door Controller

Elsema's MCI-VSD kit comes with its own Omron VSD for controlling a 3-phase 240 Volt AC motor. These are ideal for high speed industrial gates & roller doors. With the Eclipse® Operating System (EOS) setting up an inverter drive system has never been easier.

- Eclipse Operating System (EOS)
- Braking Resistor included in MCI-VSD
- Instant stop on obstruction and photo beam interruption
- 1-Touch control for easy setup
- Slows on limit or stops on limit
- Adjustable auto close, obstruction load and pedestrian access
- Various inputs such as push button, open, close, stop, pedestrian and photoelectric beam
- PCB only version also available. [Learn More](#)
