-) Ideal for domestic gates
-) iS260 : Single motor kit
iS260D : Double motor kit
-) Ultra quiet operation yet powerful
-) Uses Elsema's MC card with Eclipse® operating system

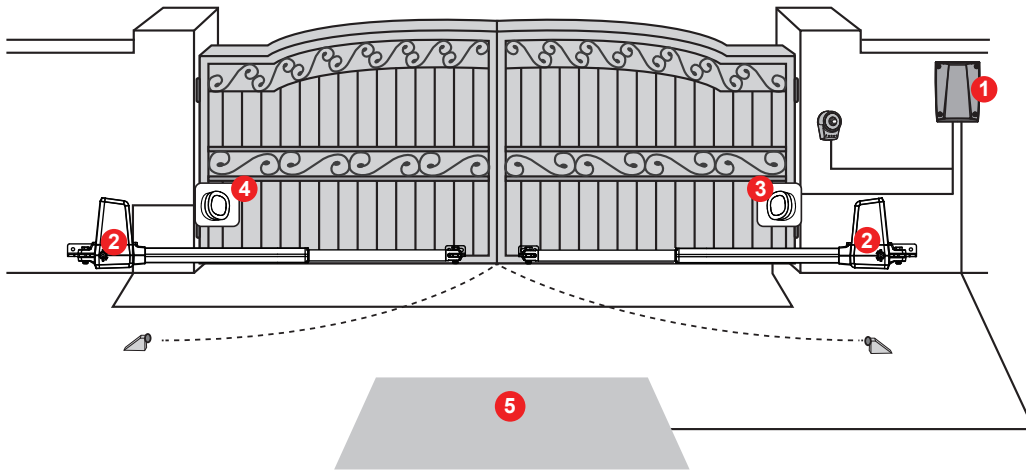

**IDEAL FOR
DOMESTIC GATES**

TECHNICAL DATA

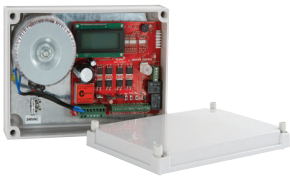

Motor voltage	24 Volts DC
Max gate weight	200kg
Max gate length	2.5 metres
Peak thrust	2000N
Operation stroke	400mm
Typical gate opening time	10-15sec
Duty cycle	20%
Operating temperature	-20°C~50°C

Typical installation

- 1 Intelligent control box
- 2 iS260 motor
- 3 PE1500 photo electric beam
- 4 Reflector for PE1500
- 5 Vehicle detector

Kit contents

Intelligent control box with built-in receiver

iS260D dual swing motors with limit switch

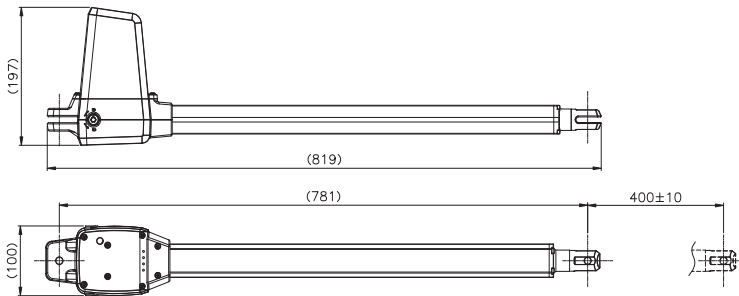

3 x Keyring remotes with frequency hopping

Long range reflector type photo electric beam

Dimensions

Ordering Code

PART NUMBERS	DESCRIPTION
iS260D	Dual swing motor kit
iS260	Single swing motor kit

Optional Accessories

Wireless Keypad

Wireless keypad
433MHz wireless keypad

GSM Gate Opener

Open your gate with your mobile phone for free!

Locking Actuator

-) 12 Volts DC
-) 50mm Stroke
-) 20mm Stainless Steel Pin

Backup Batteries

24 Volt, 7Ah rechargeable lead acid battery

Vehicle Detector

-) 12, 24 or 240 Volts
-) 1 or 2 loops
-) Medium or high sensitivity

Flashing Lights

-) 12 or 24 Volts DC
-) Red, Blue & Amber
-) 90 Flashes \ min
